

Power Cord Plus® Cordsets

All Marinco® cordsets are made of the highest quality, marine grade construction with features you won't find on other power cords.

- ➊ Watertight molded plug and connector for safety and durability
- ➋ Heavy-duty, super flexible marine grade cable (30 amp 10 gauge, 50 amp 6 gauge)
- ➌ All models include a standard threaded ring for hook-up to ordinary threaded inlets
- ➍ Corrosion resistant, nickel plated contacts
- ➎ Power Indicator Light: Boat side connector features a molded-in LED light. When it glows red, you know you have power to the boat.
- ➏ Contour Grip with Thumbprint Locator: Both plug and connector ends are molded to fit the contour of your hand. When the thumbprint is in the 12 o'clock position, the blades line up for easy connection.
- ➐ Marinco's Easy Lock™ system: Quickly locks the cord set to the inlet in just 1/8 of a turn. The exclusive locking tabs engage slots built into all Marinco inlets (sold separately).

Easy Lock™ system
