

Flushmount safety ladder

51558

Helps any crewmember get back on board easily without external help.

Suitable for current use (bathing) or in case of Man Over Board.

Consists of 3 polypropylene steps and 1 st. steel handle assembled by a highly resistant line, (bright yellow Ø 3 mm polyester).

Ladder is stored in a polyamide tube with a grey polypropylene cap, for optimum protection and waterproofness.

The Man Over Board removes the cap, pulls the ladder down, and climbs onboard.

- Light.
- Very easy flush mount (like a thru-hull fitting).
- Transom or skirt mount (sail and power boats), just above waterline.

Safety ladder

- 4 steps : 29008
- 5 steps : 29009

Designed to increase safety on board, this ladder comes in a canvas bag with 2 handles : one handle to attach the bag alongside the boat ; the other handle for the man fallen overboard to grab. The bag pulls open and the ladder unfolds instantly, helping the person to get back on board easily.

Sea anchor

Highly resistant models. Easily folded for storage.
